Catalogue and Price list

FOR SEASON 1892.

CARNATIONS.

Carnation cuttings are my specialty. In addition to the standard varieties, I have some of the best **novelties** of this season's introduction, which I have listed at introducers' prices, and with their description.

The prices given are for **rooted cuttings**, except where noted.

NOVELTIES.

Aurora—New pink, originated by Edward Swayne. "Winner of the Ladenburg Cup for best pink carnation of recent introduction, at Madison Square Garden, Nov. 6, 1891. A seedling of Century and Grace Wilder, bunching harmoniously with the latter, and averaging rather larger. The plant is strong and handsome, coming into bloom quickly, and promising to be very profitable, as a single one tested last season produced 190 flowers. I think it unsurpassed in fragrance." (Originator's stock).

Ready for delivery Feb. 1, 1892.

Price \$12.00 per 100; \$100.00 per 1000.

Golden Triumph—"A seedling of 1888, and grown by John H. Pond, of Foxboro, Mass., who is one of the best carnation growers in Massachusetts. The plant is healthy, vigorous, strong, stocky and of medium height; continuous bloomer, no tendency to crop, and will flower twelve months in the year. The flower, in color, is canary yellow, does not break its calyx, fully double; stiff stems; three-fourths of the flowers can be cut with stems from six to twelve inches long without sacrificing buds; very large size, many three inches, the average of large flowers being greater than any variety I have yet grown; a good keeper and shipper." (Introducer's Stock).

Ready for delivery Feb. 1, 1892.

Pot plants only.—\$3.00 per doz.; \$12.00 per 100;
\$100.00 per 1000.

NOVELTIES.

Pearl—(Pennock)—“A new white seedling. Flowers very large, frequently from 3 to 3½ inches across. Full and crisp, occasionally a faint, rosy blush. A good bloomer, with rarely any tendency to burst. Tips of calyx handsomely recurved. Stems long and stiff.”

The stock of this variety is limited. Send in your orders now for delivery Feb. 1, 1892. (Introducer's stock).

Price \$10.00 per 100; \$85.00 per 1000.

Dorinda—“A seedling of 1888, a cross between ‘Anna Webb’ and ‘Mad. Carl,’ grown by E. Fewkes & Son. The plant is healthy and vigorous, medium height, it flowers early, it is also of excellent habit. The flower is a pleasing shade of pink, a trifle darker than ‘Wildier,’ but very much softer than ‘Tidal Wave.’ The flowers are very large, finely fringed and mostly produced on long stems, very free, and **does not burst its calyx**. Its keeping qualities are remarkable. It is very fragrant.” (Introducer's Stock).

Rooted Cuttings, \$8.00 per 100; \$75.00 per 1000.

Plants in 2 1-4 in. pots, \$3.00 per doz.; \$10.00 per 100; \$80.00 per 1000.

Ready for delivery Jan. 15, 1892.

STANDARD VARIETIES.

WHITE.

Per 100. Per 1000

Lizzie McGowan —Among the whites this variety stands at the head of the list. It was sent out by me last season, and has fulfilled all the promises made for it. The flowers are very large and double, and do not burst the calyx. It is a most profuse bloomer; the best variety to grow for cut flowers.....	\$3 00	\$25 00

Dorothy —A deeper shade than Angelus and somewhat larger.....	6 00	
Nellie Lewis —A sport from J. J. Harrison; a very pretty pink.....	3 00	25 00
Tidal Wave —Of dwarf habit; very productive; flowers a bright pink.....	2 00	15 00
Wm. F. Dreer —A carmine pink, deeply fringed; one of the best new pinks.....	3 00	25 00
Fred. Creighton —A beautiful, delicate pink, very near the color of Grace Wilder.....	2 00	15 00
Grace Fardon —Darker than Wilder; very productive; dwarf habit.....	2 00	15 00
Daybreak —A very delicate pink; the flowers are very full and double, on long stems; a good keeper.....	5 00	
Fair Rosamond —A delicate soft shade of pink, with rich fragrance.....	3 00	25 00
Christmas —About the same color as Wilder, but with stiffer stems.....	2 00	15 00

VARIEGATED.

J. J. Harrison —Large flowers, slightly marked with pink on a white ground; one of the best fancy varieties	2 00	15 00
Dawn —Pink centre, blending to pure white in the edge	2 00	15 00
Nellie Bly —Variegated red and white in almost even narrow stripes, and beautifully fringed.....	6 00	
Chester Pride —White ground with carmine markings; strong grower.....	3 00	25 00

CRIMSON.

Pride of Kennett —Crimson maroon in color, very free flowering, a strong grower.....	2 00	15 00
Anna Webb —The standard crimson, deeply fringed, and mostly long stems.....	2 00	15 00
J. R. Freeman —A seedling of Anna Webb; early and free flowering, very fragrant; a rich crimson....	3 00	25 00
Mrs. F. Mangold —Larger than Anna Webb; thought by some to be superior.....	2 00	15 00

YELLOW.

	Per 100.	Per 1000
Louise Porsch —Introduced by me last year. A shade lighter than Buttercup, slightly streaked with carmine and fringed; very productive.....	\$3 00	\$25 00
Golden Gate —Introduced by Starr last year. A rich, golden yellow, entirely free from markings; a strong, healthy grower.....	3 00	25 00

SCARLET.

Hector —A brilliant scarlet, of vigorous growth, and an early and continuous bloomer; much larger than Portia.....	3 00	25 00
Portia —A standard variety; flowers all the season....	1 50	12 50
Garfield —A good scarlet, later than the others.....	1 50	12 50

SEEDLINGS.

I have several seedlings which I expect to send out next year. They were on exhibition at the meeting of the American Carnation Society, and at some of the flower shows this fall, and have received favorable mention wherever shown.

CHRYSANTHEMUMS.

Orders cannot be filled of less value than two dollars, unless ten cents additional is remitted to cover packing, etc.

Parties in the trade, or those desiring 25 or 50 of a variety, will receive a liberal discount.

I desire to call your attention to the collection below, **Spaulding's Novelties for 1892**, which I guarantee to be the best twelve ever distributed in one set.

Roslyn—A superb, clear mermet rose pink, petals thick and heavy, cup-shaped, solid to the centre, immense in size, having been exhibited eleven inches across, habit the best, stems stiff and erect, covered with the most luxuriant foliage; the best pink in commerce. Awarded Silver Medal by Pennsylvania Horticultural Society, Certificate of Merit at Madison Square Garden Exhibition, and was one of the varieties winning the Spaulding prize at Philadelphia for best six new seedlings. **Single plants \$1.50.**

E. Hitzeroth—A magnificent extra large flower, petals broad and peculiarly arranged, completely filling the centre. Bright lemon yellow, exquisite and novel form, superior for commercial or exhibition purposes. Awarded at Madison Square Garden Exhibition the Winslow Cup for best yellow, also Certificate of Merit. **Single plants \$1.50.**

CHRYSANTHEMUMS.

Lillian Russell—A beautiful broad-petaled, clear silvery pink, incurving and forming an immense round ball of largest size, an early flowering variety, suitable for all purposes, was among the collection winning the Astor Cup at Madison Square Garden

Ada H. Le Roy—A fine symmetrically-formed variety, petals broad and cupped full to the centre, color deep rose pink, extra large flower, one of the best for exhibition purposes. Awarded Certificate of Merit by Pennsylvania Horticultural Society.

Col. Wm. H. Smith—An immense double high built flower, petals very broad and large, forming a solid mass of the richest bright, golden bronze. Awarded at Madison Square Garden Exhibition, Certificate of Merit, also "Bird Cup" for best seedling not yet in commerce, and Certificate of Merit by Pennsylvania Horticultural Society. **Single plants \$1.50.**

Ruth Cleveland—A chaste and beautiful acquisition of large size, petals broad and cup-shaped, outer rows reflex, inner ones incurve, forming a high-built centre of most delicate silvery pink. This variety being registered, is the only one recognized by the American Chrysanthemum Society under this name. One of the collection winning the Astor Cup.

H. F. Spaulding—A grand Japanese variety of most novel shape and effect; color rich apricot yellow, shading to rose, centre petals clear yellow, bloom solid and double, high built and of largest size, similar in shape to a pineapple, habit strong and robust. Awarded the "Ladenburg Cup" at Madison Square Garden Exhibition, also Certificate of Merit. **Single plants \$1.50.**

J. N. May—Extra large, deep ox-blood red, color of Mrs. J. T. Emlyn but much larger and more double; reverse of petals shaded copper bronze, full and solid bloom. A magnificent acquisition.

Mrs. J. W. Morrissey—A mammoth flower with full double centre, exhibited twelve inches across, color silvery pink, inner surface of petals bright rose; a grand exhibition bloom. Awarded Certificate of Merit by Pennsylvania Horticultural Society.

Eva Hoyte—An immense double Japanese bloom of clearest and brightest yellow, a solid ball with full high built centre; grand for any purpose and superior to Widener or other existing varieties for exhibition purposes. Two hundred and fifty dollars was paid for the control of this magnificent yellow. **Single plants \$1.50.**

A. Ladenburg—A full and extremely double Japanese variety of immense size, having been grown ten inches across, style and shape of Mrs. I. Clark, except in color, which is a clear, delicate rose pink; magnificent for exhibition specimens. Awarded Certificate of Merit by Pennsylvania Horticultural Society, also at Madison Square Garden Exhibition.

American Flag—Large full extra double Japanese bloom, centre petals deep rich salmon red, standing erect, the outer rows being

white, regularly striped their whole length with rich crimson bands. The most novel and distinct variety ever distributed.

Single plants, except when noted, \$1.00 each; the collection of twelve varieties, \$10.00.
Ready for distribution March 1st.

TUBEROUS BEGONIAS.

Tuberous Begonias are now largely grown as bedding plants, and during the summer months are the most satisfactory of bloomers, vieing with and surpassing the Geranium in brilliancy.

The flowers are of large size, averaging from three to five inches in diameter, and of superb colors, ranging from deepest blood crimson through all the shades of scarlet and yellow.

The seeds and bulbs I now offer are of the best quality only.

GERANIUMS.

(SINGLE).

Eblouissant—Brilliant orange scarlet, trusses large ; strong grower and free bloomer.

Univers—A magnificent sort. Very dark crimson-scarlet of a beautiful dazzling shade ; florets extra large and round, and produced in immense trusses. The most beautiful single scarlet yet produced, and should be in every collection.

Soleil Couchant—Plants dwarf and free ; flowers large and round ; bright capucine.

M. Emile Cailletet—A dwarf strong-growing sort ; large well-formed florets ; color pure rose, upper petals marked with white.

Mine d'Or—Plant vigorous ; trusses large, yellowish orange.

Victorien Sardou—Violet, upper petals marked most distinctly with capucine ; trusses large and of fine form.

Trophee—Trusses of the largest size ; very pretty rose flesh, tinted at the centre with lilac changing to dark lilac ; of a novel color.

Tulminant—Large, finely-formed trusses of the most brilliant crimson, with a very distinct white eye.

Renaissance—Grayish rose with white centre, upper petals flamed with orange ; plant of splendid habit and free blooming.

M. Michel—Large perfectly-formed trusses of violet rose, upper petals marked white.

M. Alfred Mame—Another fine bedding sort. Florets very large and of a bright red color ; trusses of immense size and freely produced ; strong grower.

Port Royal—Beautiful rosy salmon color, centre pure white surrounded with orange ; fine, large, round florets ; the best of its class.

Boncenne—Clear vermilion scarlet, with white eye.

Fleuve Rouge—Flaming orange-scarlet, the brightest we have seen.

Mde. La Barronne de Fins—Trusses of enormous size ; bright rose, upper petals marked pure white ; one of the best single pink varieties ever offered.
